

Home Page

The home page was designed to be clean and mainly used color black to highlight any arts sells in the store. The home page included 3 parts which are header, body and footer.

Navigation Bar (Header)

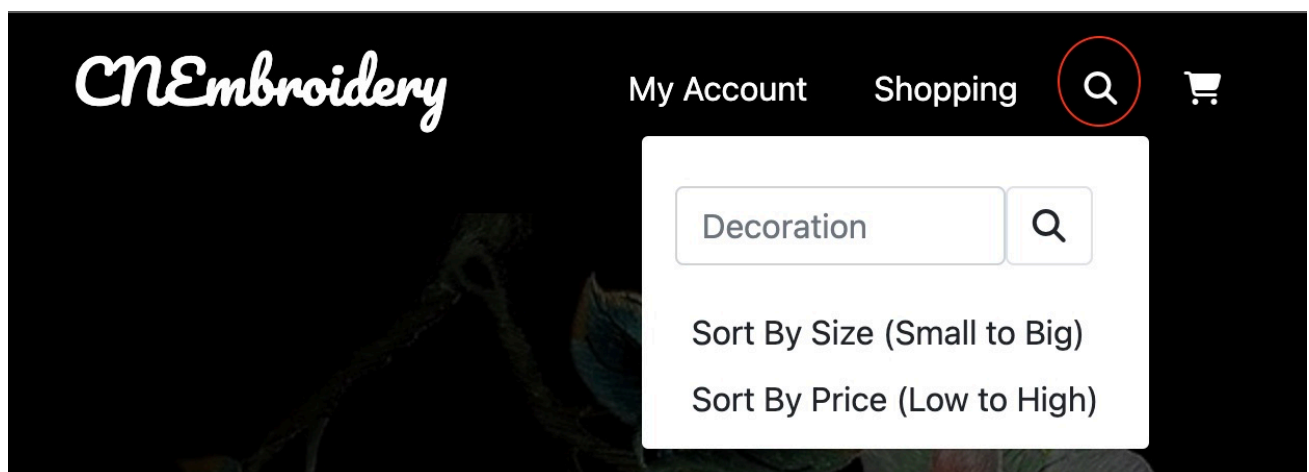

Navbar is implemented on every page and is fully responsive across all resolutions.

Users can navigate across the site freely.

Users can simply go back to home page by clicking the name of the website CNEmbroidery.

Users shopping have the cost of the current shopping basket display on large screen sizes.

Search Functionality (Header)

Users can take advantage of the search function within the navigation bar to search for products or descriptions.

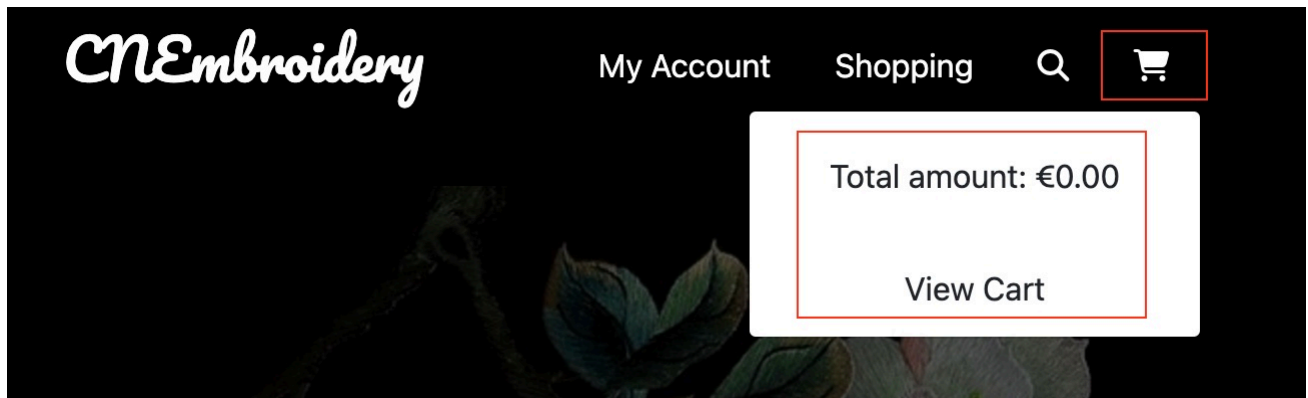

Users can sort all products by size small to big or sort by price low to high.

Shopping Cart (Header)

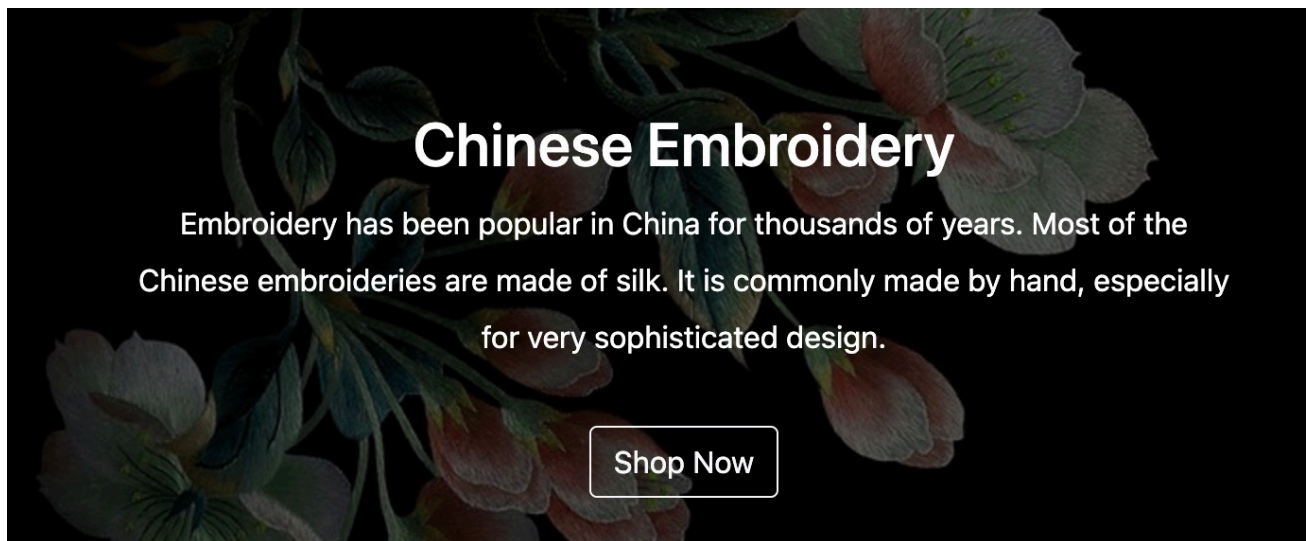

Users can have a quick review the total amount they have spent to control their budget.

User can view cart details to manage any items in the cart.

The cart icon will change to blue if there are any items in the cart. Otherwise, the icon will remain with white color.

Introduction (Body)

Home page features a short introduction to welcome users and there is a link to all products.

Social Media Links (Footer)

Every page throughout the project has a footer with social media links.

Users are also able to subscribe to receive the store newsletter, using the MailChimp form found in the footer.

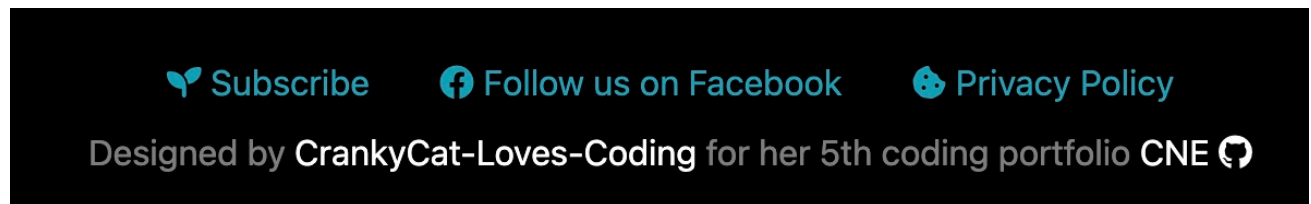

Clicking the follow us on Facebook will redirect the user to the social media page in a new tab, so as not to disrupt the user experience.

Clicking the Privacy Policy at the footer, a page of Privacy Policy for CN Embroidery generated using Privacy Policy Generator will be opened in a new tab.

Clicking the name of CrankyCat Loves Coding will redirect users to the web designer's linkedin

page in a new tab.

Clicking the name of CNE will redirect users to the website Github page in a new tab.
